REPORT.

IN presenting the Annual Report and Accounts for 1928, the Committee are pleased to be able to submit a record of progress and development which, it is felt, proves the increasing value of the Hospital to Hayes and District.

The number of patients admitted during the year was 287, an increase of 84 over the year 1927. The number of treatment days was 3,453 giving an average period of treatment for each patient of 12·3 days.

The following Statistical Tables may prove of interest :—

During the year 13 Major operations and 134 Minor operations were performed.

In February 1928 a District Nurse was appointed to attend residents in the District, free of charge, under medical directions. Dormant funds in the hands of the Old Hayes District Nursing Association, amounting to £393 15s. have been handed over to the Hospital and have been earmarked to meet the cost of maintaining the District Nurse. Until such funds are exhausted, the ordinary income of the Hospital will not be called upon to meet any expenses in this connection, but it must be borne in mind that, in the near future, additional income will be needed to meet the cost of this part of our work.

The District Nurse has paid 2,890 visits during the 11 months of 1928 during which she has been engaged and her work has proved of great value to the neighbourhood.

The total Ordinary Income of the Hospital for 1928 was £1,977 0s. 4d. to which must be added a legacy of £100 received from the Exors. of the late Mr. T. Jay, making a total of £2,077 0s. 4d.. This is an increase of £350 0s. 3d. over 1927 and gives a surplus of £262 14s. 7d. of total Income over Expenditure.

The Committee has transferred the above-mentioned Legacy to the Building Fund and has made a further transfer of £105 from the General Funds to Building Fund—a total of £205. This has enabled them since to repay 20 % of the loans which were made by various Companies operating in the District, and which have been outstanding since 1926. It has given the Committee great pleasure to have been able to effect these repayments, which were foreshadowed in the last Report, and it is hoped that an annual reduction will be made in future years from now onwards.

A notable event in 1928 has been the effort inaugurated by the Local Lodges of the R.A.O.B. for the purpose of raising funds sufficient to equip the Hospital with X-Ray apparatus. The installation of this equipment will necessitate a new extension and plans have been prepared by Mr. S. H. West, our Honorary Architect. The scheme is well advanced and a joint sub-committee, drawn from the Executive Committee of the Hospital and the R.A.O.B. Hospitals Appeal Committee, are engaged in perfecting it.

Our friends already have in hand the sum of £294 3s. 6d. the result of a successful Fete held in August last, and it is hoped that their further endeavours will enable the work to be put in hand during the current year.

The Hospital owes the Order a great debt of gratitude for the whole-hearted manner in which our work is being assisted.

The Committee are grateful for the friendly interest of the Hayes Urban District Council in the Hospital, and for the material assistance afforded by their grant of £250. Since the close of the Financial year, the Council has increased its grant which fact, taken in conjunction with the efforts of the R.A.O.B., will give added confidence to the Hospital Committee, in commencing the work of installing the X-Ray apparatus.

Special mention must be made of the admirable work of the Matron and Staff of the Hospital. Under the able and devoted guidance of our Matron, Miss F. A. Hansford, the Hospital has made great strides, and it cannot be too greatly emphasised how important a part her work has played in the development of the institution.

In addition, the Committee desires to place on record their best thanks to :—

The Hon. Surgeons and Hon-Medical Officers for their valuable services during the year.

The Hon. Auditors and Hon. Architect for their services so freely given.

The Ladies of the House Committee for their work on the Domestic side.

The Clergy and all who have helped with Congregational Collections.

The Annual Subscribers, Donors, Collectors, Box Holders and all who have in any way helped in the raising of funds.

The Employees of the Gramophone Co., Ltd., for their record contribution of £418 14s. 5d., and to the organisers of the collection.

The Alexandra Day Committee and the League of Mercy for their grants.

The Hospital Saturday Fund, Hospital Savings Association and the Approved Societies for their prompt and generous payments.

The Committee are looking forward to a year of increasing activity and feel sure that they can rely on the co-operation of friends and subscribers to do all in their power to forward the work in proportion as the District grows.
